What do we want to accomplish?

Mission

To build a community of empowered learners who value Perseverance, Respect, Integrity, Diversity, and Excellence – RV P.R.I.D.E.

We believe ...

- That learning is a lifelong process.
- The school community has the right to a safe, supportive environment in a well-maintained facility.
- That all students will reach an exemplary level of achievement by setting high expectations and through active participation in their own learning.
- That parents/guardians must be actively engaged in their children's education.
- That the Board of Education, administration, staff, and parents are collectively responsible for the academic, social, and emotional growth of the students.
- That the community plays a significant role in supporting and reinforcing the educational process.

A Rancocas Valley Regional High School graduate will be:

- A lifelong learner who perseveres in his/her acquisition of knowledge and skills necessary to achieve personal and professional success despite the occasional challenges and setbacks.
- A socially responsible person who respects the rights and responsibilities of individuals as a citizen of a divided geopolitical world.
- An ethical individual who demonstrates a sense of integrity in all dealings and relationships based upon a set of core values.
- A divergent thinker who acknowledges and celebrates the diversity evident among his/her fellow human beings.
- A deliberate facilitator who strives for excellence in him/herself and others by creating an environment that encourages and enhances one's abilities and natural talents.

School Change: Lesson from Alice in Wonderland

▲ Dr. Heilig | September 12, 2016

"If you don't know where you are going any road can take you there" (Carrol, 1865). I have used this quote many times as a leader when referring to the importance of setting goals. Today, it is easy for a school district to "take the wrong road" due to the number of misaligned goals in ...
